Mortgaging the Homestead

Don't mortgage the homestead, my brother,
"Tis the greatest mistake of your life,
Take courage and help one another,
For the sake of your children and wife;
For better a crust in contentment:
Than a mortgage and well-buttered bread
Don't risk a mortgage's resentment
It may yet make you wish you were dead!
Oh, don't mortgage the homestead my friend!

Rather work like a slave and be free;
You will find this advice in the end
Is the best that a friend could give thee;
Rise bright with the dawn of the morning
And let hope cheer you on till the eve,
Not the world's proud seeming,
Let them see that in God you believe!

Don't mortgage your homestead my neighbor;

Hark! the voice of your own loving wife;
"We now must dispense with hired labor,
Let us pull well together through life;
Our children will soon be able to help dear,
We'll have no heavy mortgage to pay,
Let us leave well alone, never fear,
I will help you by night and day."

Don't mortgage your homestead my brother,
Don't risk all the savings of years,
And leave in the hands of others.

What has cost you toil, worry and tears;
Be a man!—your wife will adore you,
Never give up while you're courage and
determination.

You will find the good motto is true:
Tis the diligent hand makes wealth!

EXPLAINING THE DESERT.

There will soon be no deserts left;

even the deserts of Africa, we suppose,

will one day disappear under the vivifying

influence of fresh water, applied

under a scientific system of irrigation.

A San Francisco contemporary says that

the area of California's deserts is shrinking

like the waters of Lake Tulare, and that it will be only a few years when

it will disappear from the map altogether.

"Every day," we are told,

"people are finding out that desert

does not mean the irreclaimable, and

that under the grey and drab desolation

of these lands lie the richest fertility," which only needs the scientific

application of water to make it useful

and cause the desert to blossom as the

rose. This remark is made apropos of a

scheme being on foot there for irrigation

of 300,000 acres of desert land in

Southern California. The water is

to be collected in great storage reservoirs

in the mountains, and to be conducted

thence to the lands to be irrigated

by a system of ditches, pipes and flumes.

Similar schemes have been

carried out successfully elsewhere in

California, and lands formerly prac-

tically desert converted into orange

groves and fruitful gardens. Doubtless

it will be so in this case also. There

seems to be no limit to the semi-tropical

fruits under the warm sun of South-

ern California, if only the supply of

water be sufficient. But we very much

doubt whether residence on these irri-

gated lands in California can be con-

ducive either to health or comfort.

The desert lands of Southern Califor-

nia in San Bernardino county, and

away south to the Mexican border, are

among the hottest portions of the globe.

As much as 120° F. in the shade there

is not unusual. With plenty of water

heat of that intensity will make oranges

lemons, limes, pine apples, bananas, and

many other kinds of tropical and sub-

tropical fruits grow apace; but what

about the cultivators? How can a

white man bear such heat and live?

He cannot do so long and keep his

health. Already we have heard of

malarial fevers being introduced into

tracts hitherto considered healthy by

the use of irrigation under a scorching

sun. For any one who values health,

life in a temperate climate like our

own must be far more enjoyable than

it can be in Southern California under

the conditions described.

Oranges are not everything, any more than money

is; and we are sure that, with the ther-

ometer varying from 90° to 120° in

the shade for three or four months on

end, the orange cultivator at the end of

the term, if of the Anglo-Saxon or Cel-

tic race, would be about the color of his

own fruit. A Chinaman, we are con-

tent, would look handsome when set

alongside of him. There are some

things that don't suit white men, and

growing oranges under such conditions

is one of them. Lands so hot as the

desert of Southern California ought to

be abandoned to Chinamen and blacks.

It might perhaps suit them, but it cer-

tainly would not suit men of the Eu-

ropean race. A white man might live

in it for a time, but he could not retain

his strength and energy under such

conditions of temperature. Canadians

if wise, will not be tempted to go to

Southern California, to live on the irri-

gated land there. Their own country

and climate are much to be preferred.

MANITOBA CROP OUTLOOK.

The heavy thunder storm which we

mentioned in our last weekly report, as

having occurred in the Winnipeg dis-

trict, it has since been learned extend-

ed over a large portion of the country.

In Southern Manitoba the storm was

particularly heavy, and in that region

it was most destructive which this province

has ever suffered from. It would be very

difficult to estimate closely the damage

done, but it is placed by different au-

thorities at from 15,000 to 50,000

acres. The medium between these will

probably be near the mark. All agree

that the damage done is very consider-

ably under the amount reported by tele-

graph on Monday last. Though the

damage is not so great as to be felt in

the total crop of the province, yet it will

be very severe upon the districts af-

fected and upon individual sufferers.

The weather last week was variable,

ranging from pleasant to excessively

warm on some days, with one or two

spells cool enough to be chilly, and get-

ting down to rather a low temperature

to be comfortable at night, causing

something of a frost scare. No au-

The Moose Jaw Times.

FRIDAY, AUGUST 15 1890.

The Secretaries of the schools throughout the North West received this week cheques for the Government Grants to schools in full. The additional grant of \$30,000 made by the Dominion Government has put the Lieutenant Governor in a position to meet all claims on the basis laid down by the North West Ordinance. The threatened reduction of 15 per cent. in the amount paid to schools would have seriously embarrassed some of the rural schools, and been a great injury to the educational interests of the country. The only cause of complaint is the unavoidable delay in paying out the grants, a thing that we sincerely hope, in the interests of the Teachers of the country, who need their salaries paid promptly, will not be allowed to occur again.

FIRE PROTECTION.

Voting on the By-law to raise \$10,000 by way of a loan, for the purpose of providing a system of water works and fire protection appliances for the Town of Moose Jaw, will take place on Saturday, August 30th. The proposed By-law will be found advertised in the Times, and should be carefully examined by every ratepayer before polling day. The question of fire protection has been agitating the minds of the property owners in our town for the past three or four years, and successive Council have been urged to take some action in the matter. The present Council after a good deal of discussion have taken steps to carry out the pledges that they made on nomination day. They are now prepared to leave it to the ratepayers to decide whether or not they want the protection for which they have been clamoring. Moose Jaw has fortunately escaped conflagrations which have been so destructive in other towns similarly situated, as Regina, Moosomin, Boissevain, Morden and others, but the fate of these places mentioned, will, some day assuredly be ours if something is not done to provide fire extinguishing appliances. Whether the scheme proposed by our Council is the best obtainable is a matter for discussion, and they should at as early a date as possible lay before the citizens all the details of the proposed system, so that when polling day arrives an intelligent vote may be cast. There are a great many questions to be considered in this matter. Is a system of water works what we want? Is water fit for use obtainable? Is our town in a position to bear the increased taxation? Will the rate of insurance be materially lessened? If the above questions can be answered to the satisfaction of the ratepayers, we do not anticipate any opposition to the By-law, and if not, it has very little chance of passing. Our town is in an enviable position financially being free from debt, and having a good balance in the treasury, and property owners should be thoroughly convinced that it is to their own advantage, and for the welfare of the town, before assuming such a burden. If our town is to keep pace with other towns in the North West, we are not to lag behind, in doing everything that will be to the interests of the town, and there is no doubt that if we had some good system of fire protection, it would be a great inducement for capitalists to invest money in our town. In conversation with the prominent business men of the town, the men who most feel the need of fire protection, the prevailing idea is that they will reserve their decision in the matter until a public meeting is called and the proposed scheme fully discussed.

CROPS ALL RIGHT.**Deputy Burgess Talks of His North West Tour.**

OTTAWA, Aug. 12.—A. M. Burgess, Deputy Minister of the Interior, returned to-day from a tour of inspection through Manitoba and the North West Territories. He contradicts the story that the crops were in any way affected by frost, and says that if the experience of past years goes for anything any fears of damage from this cause during the present season are now over. Wherever he went there were signs of a bountiful harvest. At some points harvesting was commenced before he left. The settlers were generally contented and had no grievances worthy of mention to present to him.

C. P. R. Pic-nic.**A GRAND SUCCESS.**

The Annual Excursion and picnic of the Canadian Pacific Employees' on the Moose Jaw Division, is an event that is looked forward to each year with pleasure by a large number of people, not only in Moose Jaw but along the whole division west of Brandon. Last Wednesday the fourth of these events was held in the beautiful picnic grounds at Qu'Appelle, excursion trains being run from Moose Jaw east and from Broadview west. The attendance was greatly in excess of that of previous years, and a very pleasant time was spent by every one who attended. The Mayor of Moose Jaw had proclaimed the day a civic holiday to allow our citizens an opportunity of dropping their business cares and toils and enjoying a days recreation. About 7.30 in the morning the excursion train duly decorated with flags and mottoes left the Moose Jaw station having on board about 250 persons, of all sizes and ages. The number was increased at every station, until when the train reached Qu'Appelle fully 500 persons were on board. A short time after the arrival of the west train, the excursion train from Broadview came in with about 250 more. The crowd at once repaired to the picnic grounds where the committee in charge had provided everything necessary for the accommodation and amusement of the picnickers. Swings, croquet, tennis, merry-go-rounds, dancing, baseball and athletic sports were indulged in during the afternoon. The Military Band of the North West Mounted Police at Regina, were present and played some excellent selection. A large number of the picnickers were provided with lunch baskets, the contents of which they partook under the shade of the trees, thus saving themselves the annoyance of the crush and delay incidental to a hotel dinner on a celebration day. The return trains left Qu'Appelle about 18.45, the one for the west arriving in Moose Jaw about 22 o'clock. The crowd were unanimous in their praises of the efforts made by the picnic committee and citizens of Qu'Appelle, for their comfort. The excursion was a financial success, and a considerable sum of money will be added to the Library Fund as a result. Our citizens showed their appreciation of the presence of an institution in our town, which is worthy of hearty support, by turning out in such large numbers to the picnic, and thus encouraging the employees by their presence and assistance.

CARON.

The heavy rains lately are going to have a good effect on late grain and all root crops....Mr. Colecutt has purchased a new Toronto Binder, which we understand is doing excellent work.....Crops in this district are fully better this season than they were last.....Mr. Hurlbert has finished a large dam on the south side of 18, 18, 28, it is a first-class job in every respect and will hold about 12 feet of water.....We understand from the Trustees of our school section that the Governor will not allow them to borrow money on debentures because the vote taken was so small, although everything was done in proper order and no opposition.....There was a meeting held a few evenings ago at the residence of Mr. Hurlbert for the purpose of organizing an Orange Lodge. Mr. Fisher of Caron is Master. They have christened their new new lodge the Star of the West.

The old trail between Troy and Prince Albert has become a dead letter so far as passenger traffic is concerned. Travellers now go through from Winnipeg in three days, a decided improvement on the old eight day movement by stage.

**FOR DYSPEPSIA,
Ayer's Sarsaparilla**

Is an effective remedy, as numerous testimonies conclusively prove. "For two years I was a constant sufferer from dyspepsia and heart complaint. I consulted a long time and the medicines I took did not help me every case, only aggravated the disease. An apothecary advised me to use Ayer's Sarsaparilla. I did so, and was cured at a cost of \$1.00. Since that time it has been my family medicine, and when it has become a stranger to our household, I believe it to be the best medicine on earth." —P. E. McNulty, Hackman, 22 Summer St., Lowell, Mass.

**FOR DEBILITY,
Ayer's Sarsaparilla**

As a certain cure, when the complaint originated in an unperformed blood, there was a great suffusion of low condition of the blood and general debility, becoming finally, so reduced that I was unfit for work. Nothing that I did for the complaint helped me save Ayer's Sarsaparilla. I took a few bottles of which restored me to health and strength. I take every opportunity to recommend this medicine in similar cases." —C. Ewick, 14 E. Main St., Chillicothe, Ohio.

TOWN OF MOOSE JAW.**BY - LAW NO.****A By-law to Raise by Way of Loan the Sum of \$10,000.**

WHEREAS it is considered expedient to raise by way of loan the sum of \$10,000 for the following purposes namely—

For digging wells; for purchasing and excavating for and laying piping, purchasing and connecting hydrants therewith; purchasing materials for and erecting a windmill, tower, pump, and elevated tank, trestle work and foundation for the same; purchasing a steam pump and boiler, fire hose, reels, and other fire extinguishing appliances, and water works; and paying freight on the above;

And WHEREAS the value of the rateable property of the said Town according to the last revised assessment roll is \$200,231.50;

And WHEREAS it is deemed expedient that said loan shall be for the period of thirty years with interest at seven per cent. per annum, payable yearly;

And WHEREAS in order to discharge the said principal money and interest accruing due on such debt as the said debt and interest become respectively payable according to the terms of this by-law, there will require to be raised during each year of said loan the sum of \$900;

And WHEREAS it will require an equal annual rate in addition to all other rates of four and one half mills on the dollar in each year of said loan for paying the interest thereof and creating an equal yearly sinking fund for paying the principal of the said debt;

And whereas there is now no debt upon the municipality of the Town of Moose Jaw;

Therefore the Council of the corporation of the municipality of the Town of Moose Jaw enacts as follows:

1. That this by-law shall take effect on, from and after the fourth day of October, 1890.

2. That there be levied and raised an equal annual special rate of four and one half mills on the dollar in addition to all other rates on the whole rateable property of the said town of Moose Jaw in each and every year of the years 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919;

3. That for the purposes aforesaid the Mayor of the corporation of the municipality of the Town of Moose Jaw, shall cause any number of debentures of the said town of Moose Jaw to be made for such sums of money as may be required for the said purposes not less than \$100 each and not exceeding in all the sum of \$10,000 and payable in thirty years from the day this by-law takes effect which said debentures shall be sealed with the seal of the corporation and signed by the Mayor or such other person as may hereafter be authorized by law of the said Council to sign the same and countersigned by the Treasurer or by such other person or persons as the said Council may hereafter by law appoint.

4. That the said debentures shall be made payable in thirty years from the day hereinbefore mentioned for this by-law to take effect at the Bank of Montreal, in the Town of Regina, in the North West Territories, and shall have attached to them coupons for the payment of interest at and after the rate of seven percent. per annum payable yearly from the day of the creation of the said debentures.

And it is further enacted by the Council of the corporation of the municipality of the Town of Moose Jaw

That a poll shall be held and the votes of the electors entitled to vote on this by law be taken on Saturday, the Thirtieth day of August 1890, at the School House in the said Town, commencing at the hour of nine o'clock in the morning and closing at the hour of five o'clock in the afternoon of the same day, and that the Returning Officer for taking the said vote shall be James N. McDonald;

The said Returning Officer shall sum up the number of votes for against this by-law on the first day of September, A. D., 1890, between the hours of ten and eleven o'clock in the forenoon, at the office of the said Returning Officer;

NOTICE.

The above is a true copy of the proposed By-law to borrow \$10,000 for the purposes therein mentioned which will be taken into consideration after one month from the first publication thereof in the issue of the Moose Jaw TIMES newspaper, published on the eighth day of August, 1890.

And the poll will be held for taking the votes of the Electors, at the School House, on Saturday, the thirtieth day of August, 1890, between the hours of nine o'clock in the morning and five o'clock in the afternoon, of which all persons interested are required to take notice.

HORSE TO RENT.—Cheap. Possession given immediately. Apply to J. G. Gordon.

A grand concert in aid of the Roman Catholic church will be given at Campbell's hall on Tuesday evening August 19th, Miss McRae and a number of Regina vocalists have kindly consented to take part in the program. Miss McRae has always been a favorite with Moose Jaw audiences and is sure of a hearty reception.

The Toronto Mail gives currency to a report that the Dominion Parliament will shortly be dissolved and an election held. The rumor is without foundation, as there is no good reason why the present parliament should not last its full term, as being fairly representative of the feelings of the people of Canada.

The east bound express last Saturday night was delayed fourteen hours by an accident to a tea train in the mountains, near Illelwaet. The accident was caused by a washout which caused a bridge to give way when the freight train was almost over it. The fireman of one of the engines had his ankle dislocated, but no one else was injured.

Major Morris of the Salvation Army his son Harry and Captain Foy, returned on Friday last from a prospecting trip to Prince Albert. It is the intention to start a detachment at that place as soon as the railway is opened up. Captain Foy left on Wednesday for Brandon with a span of ponies and a covered wagon.

An effort is being made to get Sir John Macdonald to be present at the opening of the Regina and Long Lake Railway to Prince Albert. He would be sure to receive a hearty welcome from the People of the Saskatchewan country, for whom he has done so much.

We learn this morning that Mr. Wm. Davis, who has resided for the past year at the farm of the late Mr. Barker, died on Thursday evening. The deceased had been in delicate health all summer, but it was not expected that his end was so near. His disease was consumption, induced it is thought by an attack of LaGrippe last winter, from which he never completely recovered.

Parties desiring fruit for preserving or canning should leave their orders at once with F. G. Meller, at city Fruit and confectionery depot.

Mr. R. L. Alexander spent Thursday and Friday in the vicinity of the English Village, examining and reporting on the advisability of opening up an old trail across some sections of land in the valley.

A copy of the prize list for Canada's International Fair which will be held under the auspices of the Exhibition Association of the city and county of St. John, New Brunswick, from September 24th to October 4th, 1890, has been received at the TIMES office. Ten thousand dollars are offered in premiums. Competition open to the world. The book contains besides the premium list, a description of the City of St. John, and a map of the Canadian Pacific Railway and its connections to St. John, its Atlantic terminus.

Rev. W. E. Brown left on Monday evening for Winnipeg, where he is attending Triennial Session of the Provincial Synod of Rupert's Land, which comprises the seven dioceses in Manitoba and the North West, viz.: Rupert's Land, Moosonee, Saskatchewan, Athabasca, Qu'Appelle, Mackenzie River and Calgary. In connection with the Synod meeting there will be a conference with delegates from Eastern Canada and British Columbia, on the consolidation of the church of England in Canada. The sessions of the Synod are held in St. John's College and are open to the public.

Very Appropriate.—Two gentlemen went up to Spring Bank Ranch, about 25 miles west of town, to pay an old Rancher a visit. After reaching the ranch and indulging in a few hours conversation, a Mr. "W." coming to the conclusion that Mr. "A." and the Rancher were "wound up," and seeing his chances of getting in a word were slim, he struck out for Moose Jaw. (By this time it was quite dark.) After walking around the hills for ten long hours, he began to feel somewhat hungry and sat down to eat some berries, where he was found early the next morning by the Rancher, singing the very appropriate hymn: "There's no place like Home etc."

The Financial District meeting of Regina District, was held in the Methodist church at Qu'Appelle on Wednesday, August, 1890. Rev. J. M. Harrison of Regina, in the chair. The following ministers were present: Rev. John Tozeland, J. W. Dill, A. Whiteside, J. Speer, W. Clague and Dr. McLean. Lay delegates: Messrs. J. J. Young, J. E. Annable, J. Hobbs, J. M. McGee, B. P. Richards, M. L. A. The financial condition of all the missions in the district were thoroughly examined and a satisfactory progress was reported. A resolution protesting against the present system of assessing for Superannuation Fund was presented by the representative of the Regina Quarterly Board, and on motion was approved of by the district meeting. Arrangements were made for holding Missionary meetings and meetings in the interests of Wesley College. A Committee consisting of Dr. McLean, B. P. Richardson, M. L. A., and Rev. John Tozeland was appointed to gather all information necessary from the different Quarterly Boards, regarding the publishing of a Financial Statement for the Regina district. The next district meeting will be held in May 1891, at Moose Jaw, in connection with which there will be a Sabbath School convention.

We learn this morning that Mr. Wm. Davis, who has resided for the past year at the farm of the late Mr. Barker, died on Thursday evening. The deceased had been in delicate health all summer, but it was not expected that his end was so near. His disease was consumption, induced it is thought by an attack of LaGrippe last winter, from which he never completely recovered.

The Calgary correspondent of the Winnipeg Free Press sends the following despatch regarding Moose Jaw horses now taking part in the races at that place:—Lascelle's string of racers is at Bain & Hamilton's stables, consisting of Malina, Wanda and Grey Eagle. Malina is a bay mare with a white stripe on face, and 15 hands high. She took fourth place in the 1½ mile dash at Winnipeg and second place in 1¼ mile dash at Regina. Grey Eagle—too well known here to render a description necessary—was entered in only one race in this circuit, namely, in the half mile heats in Regina, which he won in three straight heats; time 50, 51, 50. Wanda is also well known in this quarter. She was entered only at Regina; won the 600 yard and was first to the quarter in the novelty race.

Mr. Acton Burrows, of the North West Farmer and the Western World, Winnipeg, spent last Saturday in town.

In the evening he interviewed the town council regarding a scheme for advertising the town in the Western World. Mr. Burrows proposal, which will be considered by the council at the regular meeting next Monday evening, is as follows:—He will give three pages of a ten thousand edition, for a description of the town, the matter to be supplied by the council, with three electros of public buildings, for the sum of \$100. He will also, if preferred, allow it to extend over three numbers, September, October, and November, one page in each month. Mr. Burrows also made arrangements for a description of the Moose Jaw district for his paper. The Western World has a large circulation in eastern Canada, England and the United States, being sent to every Mechanics' Institute, Reading Room and Y. M. C. A. in the countries above named.

A WEBSTER'S DICTIONARY FREE.

To the People of Moose Jaw and Vicinity:

It gives us pleasure to inform you that we have completed arrangements whereby we are enabled to make the following very liberal offer:

We make the announcement that we have made special terms with the Publishers of Webster's Dictionary, standard size, Leather Binding, for the purchase of a large quantity of the same.

This magnificent book, which is the accepted authority of the English language everywhere, and of great value to everybody, is one that every family needs, and no library is complete without, and we are going to give away **FREE** to every customer who makes cash purchases of us, to the amount of \$1.00, a leather bound Webster's Dictionary. We have a large reputation for honesty and dependability, and we have always been found to be the best goods at the lowest prices. We are not trying to impress the fact upon you that we are not trying to sell how little but how much benefit we can give you in return for your custom.

Although a great many of these books will be given away, practically amounting to a large discount on your purchase, our prices will be as low, if not lower, than ever before.

Thanking you for your past patronage, we hope by future enterprise liberality and fair dealing, to merit a continuance of the same.

Very truly yours,

E. A. BAKER & CO.,

A sulky girl may sometimes be cured by taking her out in a buggy with a seat just large enough for two.

Here's a conundrum for this hot weather. "When a young man steals a kiss, does he take the same from a girl or give it to her?"

When a father is seen purchasing a stout pair of boots it is not always an evidence that he is on bad terms with his daughter's suitor.

An Irishman seeing a Chinaman reading a Chinese book backward, as is their custom, exclaimed: "Johnny, are you left handed, or only cross-eyed?"

"I am sober and steady. I was ten years in my last place and live in the one before that." "But where was the last place you worked?" In the central prison.

Mrs. Watts—"Did you enjoy your summer trip very much?" Mrs. Potts—"Oh, just moderately. I might have enjoyed it better if the city papers had not come every day and made me realize that I was one hundred and fifty miles from a bargain counter."

Some industrious statistician has discovered that ninety per cent. of the men put their left leg into the trousers first. About seven per cent. start with the right leg, and the remainder three per cent. sit on a chair or the edge of the bed and ram both legs in at once.

MISS HELEN R. SINCLAIR, of Ninette, Man., writes that she has used Burdock Bitters for loss of appetite and malady with great success, and heartily recommends it. Her experience is shared by thousands. B. B. is a specific for headache.

A DAUGHTER'S INFLUENCE.—I had a very severe attack of bloody diarrhea and was persuaded by my daughter to try Dr. Fox's Extract of Wild Strawberries, which I did great excess, as I saw that the bottles cured me. It is worth its weight in gold.

MRS. MARGARET WUEN, Pembroke, Ont.

Some cowardly anonymous scoundrel in Ottawa has been inventing and publishing through the congenial columns of the Detroit News a tissue of calumnies against Canada. He puts his slanders into the mouth of a supposition official of our Militia Department who pictures our volunteers as bragging cowards, our French and Irish Catholics as traitors, and our population generally as selfish cravens. What can the News hope to gain by publishing rubbish which cannot deceive its readers, but which is no less disgraceful.

THE SLEEP OF THE JUST.—For sleepless nights depending on worry, vexation, indigestion, etc., Burdock Blood Bitters is a remarkably efficient cure. We have used Burdock Blood Bitters for sleepless nights and now sleep well all night. I recommend it to all suffering from imperfect rest.

Geo. H. SHIEL, Stony Creek, Ont.

IT SAVED HIS LIFE.—Gentlemen—I can recommend Dr. Fowler's Extract of Wild Strawberries for the life when I was about 15 months old. We have used it in our family when required ever since, and it never fails to cure all summer complaints. I am now fourteen years of age.

FRANCIS WALSH, Dalkeith, Ont.

The Pekin Gazette, which was established in the year 911 of the Christian era, has been regularly published since 1351 D. and is at the present time edited by a committee of six members of the Academy of Han Lin. Not only is it by far the oldest newspaper in the world, but it also is indefinitely more instructive and interesting than all other existing official gazettes taken together.

FOUR YEARS IN SWEUVILLE.—"For four years I have had sore sores breaking out on my hands and face caused by bad blood. Medicine from the doctor was tried without avail, but after using two bottles of Burdock Blood Bitters I am well."

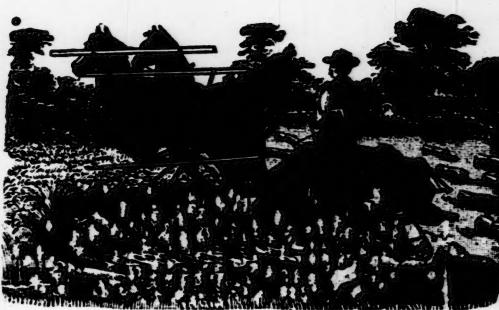

MISS MARIE LINDSTAD, Savoyerville, Que.

SUFFERED PROSTRATED.—Gentlemen—I was suddenly prostrated while at work by severe pain in the chest. We sent for a doctor, but he seemed unable to help. An evacuation about every forty minutes was fast wearing me out, when we sent for a bottle of Wild Strawberry, which saved my life.

FACTS OF GREAT IMPORTANCE!

TO FARMERS OF CANADA AND THE WORLD.

THE BRANTFORD LIGHT STEEL BINDER.

WE do not claim to have received a Gold Medal at Paris, although we received two Silver Medals, but we DO CLAIM:

FIRST—To have defeated the Massey (Toronto) Binder in every competition in the world, where we have met it on an equal footing.

SECOND—During the season of 1880-90, in Australasia, the "Brantford" defeated all the leading binders of the World. See list of victories.

THIRD—In the Australasian competitions the "Brantford" Binder defeated the Massey (Toronto) SIX TIMES; or EVERY TIME the two binders came into competition the "Brantford" was victorious. See list of Victories.

FOURTH—The "Brantford" binder replaced every other binder of any consequence made in Canada in 1889. That is where other makes of New binders failed and were returned, the "Brantford" was purchased and successfully finished the work.

FIFTH—We challenge any one to point to a single instance where a new "Brantford" has been returned through failure to do its work.

SIXTH—A great many more "Brantford" binders were sold in Canada in 1889 than of any OTHER MAKE, and as many as were sold by FOURTEEN other Canadian makers put together.

SEVENTH—The "Brantford" binder is a "Home" machine and has a "Home" record without a single defeat in any kind of crop, used by hundreds of satisfied farmers in all the provinces of the Dominion.

EIGHTH—The "Brantford" Binder, as sold "at home," is specially designed and built for home trade, and is particularly adapted to the needs of Canadian farms and farmers. For foreign countries it is built to suit the peculiarities of the land and crop prevailing where it is sold.
